Whole Foods Market Logo

Whole Foods Market was founded in 1980. They provide the highest quality of natural and organic products. They believe that food in its purest state is the best tasting and most nutritious food there is. This belief falls directly in line with Sports 4 All mission to provide programming and education to individuals with disabilities. Project HEALTH, a program of Sports 4 All, seeks to educate those individuals of the proper nutrition, so they will be healthy and have many opportunities to participate in sports and recreational activities.

"We are so excited about this event. We would like to invite everyone to come out and support Sports 4 All," said Waverly Ann Harris-Christopher, Program Coordinator for Project HEALTH, "We would also like to encourage those that are unable to attend to donate their \$7.00 to Sports 4 All on our Web site, [www.s4af.org](http://www.s4af.org)."

Sports 4 All Foundation accepts new and gently used donated sports equipment and returns it to the community through collaborations with non-profits serving those with disabilities to improve their quality of life. S4AF has provided equipment and funding to 24 agencies in 15 counties serving over four thousand people with disabilities combined. Sports 4 All has assisted over 150 individuals through Project HEALTH, a visiting physical education and wellness program for individuals not receiving services from the Medicaid Waiver program.
