

About Kris, the Founder:

Kris Salisbury's vision for Sports 4 All came primarily from having a daughter, Erica, with Down syndrome. She wanted Erica and all people with

disabilities to have an equal opportunity to participate in sports and recreational activities. She knew that this would enhance the quality of life for Erica, their family and ultimately the community.

Kris and her husband Dennis are owners of a retail ski/snowboard/diving shop - Neptune Diving & Ski. This gives Kris an even greater passion for the Foundation's mission. With her past business and volunteer expertise as well as her love for Erica, it was only natural to create Sports 4 All Foundation.

Being active is essential to all people for good physical, mental and social health. Sports 4 All exists to enable those with disabilities to experience what the able world often takes for granted - self worth, team participation, a sense of accomplishment and success.

Join Kris and the Foundation in their mission and vision...

Our Mission

To improve the quality of life of those with disabilities by providing funding, equipment, programming and education to enable full participation in sports and recreational activities.

What We Do

Through our programs, we encourage and enable those with disabilities to be active and involved in sports and recreational events. We focus on and recognize everyone's abilities. Being active is essential to all people for physical, mental and social health. Sports 4 All recycles sports equipment and raises funds to enable our clients and friends to get out and experience what the able world often takes for granted – self worth, team participation, a sense of accomplishment and success.

Our Values

- ▶ People with disabilities need the benefits of sports and recreational activities; which encourage healthy lifestyles, self confidence and friendships.
- ▶ We are committed to partnering with other non-profit agencies who also serve people with disabilities.
- ▶ We will be good stewards of funds entrusted to us as we work to achieve maximum results at the lowest cost.

Programs

Project HEALTH

Project HEALTH (**H**elping **E**very **A**merican **L**earn **T**o be **H**ealthy) is a visiting recreation program for people with disabilities attending day service facilities. Project HEALTH provides group activities to benefit the health and well being of people with disabilities.

Enduring Athletes

Sports 4 All provides scholarship funding for athletes with disabilities who are able to participate in extraordinary events.

Equipment Endowment

If you are a 501c3 serving those with disabilities, you can apply for sports equipment to be used for your organization's sports and recreation programs.
